

Ingredients

Aqua (Water), Cyclopentasiloxane, Glycerin, Dimethicone, Cetearyl Glucoside, Cetearyl Alcohol, Cyclohexasiloxane, Ethoxydiglycol, Ceteareth-20, Tocopheryl Acetate, Phenoxyethanol, Sodium Ascorbyl Phosphate, Palmitoyl Hydrolyzed Wheat Protein, Polyacrylamide, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, C13-14 Isoparaffin, Disodium EDTA, Ethylhexylglycerin, Tetrasodium Glutamate Diacetate, Laureth-7, Palmitoyl Dipeptide-5 Diaminobutyryl Hydroxythreonine (Tetrapeptide), Palmitoyl Dipeptide-5 Diaminohydroxybutyrate (Tripeptide), Sodium Hydroxide.

30ml Anti-Ageing Moisturising Cream

ACTIVE INGREDIENTS:

**Deepaline PVB
(Palmitoyl Hydrolysed Wheat Protein)**

**Stay-C50
(Sodium Ascorbyl Phosphate)**

Vitamin E Acetate

Syntacks

BENEFITS:

Long term redensifying action wrinkle-filler.
Quick mechanical action relaxing effect to smooth out facial expression wrinkles.
Long term biological action to help fill all wrinkles.

Anti-oxidant for collagen sythesis, especially when in combination with Vitamin E.
Has the effect of quenching the damaged reactive oxygen species.

Anti-oxidant and skin-conditioning properties.
Helps protect from the environment.

A peptide combination which stimulates the proteins of the Dermal-Epidermal Junction.
Improves skin tonicity, cellular cohesion and anti-wrinkle action enabling molecular communication with the skin.
Clinical studies in vitro & vivo show significant skin improvement.
